Operating steps

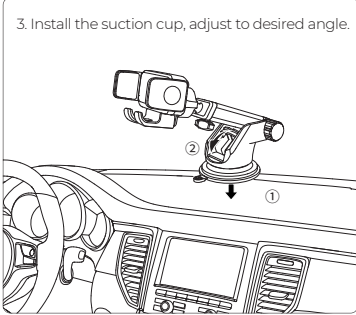

1. Put the universal ball into the nut first, then insert it into the bolt on the back of the holder, fasten the nut clockwise to its position.

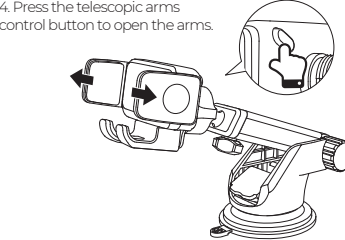

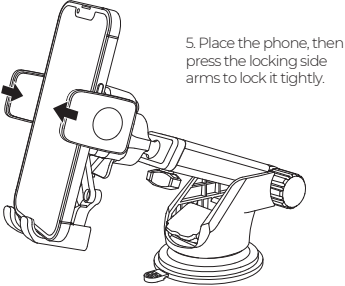

2. Clean the windshield or dashboard where you need to install the car mount with a wet cloth, and wait for it to dry;

3. Install the suction cup, adjust to desired angle.

4. Press the telescopic arms control button to open the arms.

5. Place the phone, then press the locking side arms to lock it tightly.

After-sales service instructions

Dear users, thank you very much for using our products. In order to protect your rights and interests, and to clarify the company and its distributors' responsibilities, i.e. product maintenance, replacement and return, please read the following items carefully:

1. Warranty Card is the necessary certificate for our company to provide free after-sales service during the warranty period of our products.

2. According to the principle of "who sells who takes responsibility", you can, with the Warranty Card, contact the distributor in case of any quality problem. The company will provide service support for its distributors.

3. The company promises that if a quality problem occurs within seven days since the date of purchase (the date on valid bills shall prevail), the customer may choose to return, replace or maintain the product freely. For products beyond warranty period, life-long maintenance service is also provided (the after-sales service offices only charge for components/parts). Please fill in the Warranty Card carefully upon purchase.

4. The following cases are not included in the after-sales service:
① Beyond the warranty period;
② Product damage caused by failure to follow the use, maintain and preserve instructions;
③ Product damage caused by dismantling or repairing the product without authorization;
④ Failure to provide Warranty Card;
⑤ The product differs with that on the Warranty Card; or

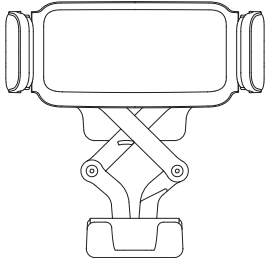

there's alteration on the Warranty Card.
⑥ Damage caused by other force majeure.
